General Information

Introduction

State and federal regulatory programs guard the health, safety and welfare of the public by establishing and enforcing standards to assure quality health care. The Office of Licensure and Certification (OLC) of the Virginia Department of Health (VDH) administers the state licensing programs for nursing facilities, hospitals, home care organizations and hospice programs. The Office of Licensure and Certification/(VDH) is also the state survey agency for the federal certification programs under the Centers for Medicare and Medicaid Services (CMS), i.e., Medicare and Medicaid. In addition, the OLC investigates consumer complaints regarding quality of health care services received.

Inspections activities are used to satisfy both state licensure and federal certification requirements. The OLC's medical facility inspectors are health care professionals such as physicians, registered nurses, dietitians, and social workers.

Virginia Department of Health
Office of Licensure and Certification

Directory of Long Term Care Facilities

This directory contains the contact information for nursing facilities, hospital long-term care units, state mental health facilities federally certified by OLC/VDH, and intermediate care facilities for persons with intellectual disabilities federally certified by OLC/VDH. For information regarding Assisted Living Facilities, please contact the Virginia Department of Social Services.

Additional information regarding Virginia's nursing facilities can be found on the web at:

<http://www.vdh.virginia.gov/OLC>

Or on the federal Nursing Home Compare site:

<http://www.medicare.gov/NHCompare>

Terms and Definitions

Nursing facilities are state licensed and federally certified by the OLC/VDH. The majority of Virginia's nursing facilities accept Medicare/Medicaid reimbursement. SNF designation indicates Skilled Nursing Facility beds eligible for Medicare reimbursement. NF designation indicates Nursing Facility beds eligible for Medicaid reimbursement. A nursing facility's inspection reports are available at the facility or by contacting OLC/VDH.

Hospital long-term care units are designated long-term care beds in hospitals and are state licensed and federally certified by the OLC/VDH.

State mental health facilities are operated by the Virginia Department of Behavioral Health and Developmental Services (DBHDS) and federally certified SNF/NF by OLC/VDH.

Intermediate Care Facilities for Persons with Intellectual Disabilities (ICF/ID) are community based homes licensed by (DBHDS) and federally certified NF only by OLC/VDH.

Disclaimer

This information is provided as a public service by OLC/VDH and updated biannually. While every effort is made to assure accuracy, the information may be incorrect due to recent changes in facility name or address. This information should not be used as a sole source in selecting a facility.
